

LADIES' CIRCLE

Our ladies enjoyed a most informative evening when Ivar Struthers came along to tell us of his exploits on holiday to Japan. He showed us some really exotic photos and slides that he took when he was there. It certainly cheered up the ladies on a cold, dark evening. We also had the pleasure of our local councillor Allan O'Brien; he is always welcomed by our group. He can be open and helpful with his advice and our group always appreciate his visits.

March saw us welcoming a visit from the Mountain Rescue. That was really good and all of us learned so much – it is amazing the amount of preparation and dedication that these brave volunteers put in.

We had a really good night singing along and listening to the Kilsyth Harmony Group. It is always a real treat to have them visit us as they certainly bring back lots of memories. Still on the musical theme, we also had an evening when we heard all about the Glenn Miller Conspiracy and that certainly gave us some food for thought.

Anne Walker was given a very warm welcome when she was kind enough to come along for our Holy Week meeting. It is always a pleasure to have Anne in our company.

Our session has now come to its conclusion and we ended with a social evening meal in the local Smiddy Inn. We now look forward to summer and some sunshine.

When we start back in October we hope to welcome new members along to our weekly evening meetings – all ladies will be made most welcome.
