

MISSION CIRCLE

Thank-you so much to all the members who continue to support the work of our Mission Partners, Graham and Sandra Duncan. Our money is currently supporting families devastated by AIDS. Along with Violet, an elder in their local church, the Duncans are doing all they can to finance at least one child from each family to attend school. The knock-on effect of this brings great benefits socially and financially to the whole household. Using our donations they have managed to buy a washing machine, so that the children will have clean clothes, and a fridge freezer which allows families to benefit from the deal Sandra has managed to broker with a local farm shop to get "on date" food at a much reduced price. Now even in the blistering heat of the South Africa summer, the food is fresh and nutritious

If you are interested in helping the Duncans with this valuable work, please speak to Elizabeth Snedden (or call her on 726451) and donate £1 a month. So little for us but can make such a difference to so many lives out there.
