

## BALLOCH COMMUNION VESSELS

On October 8, when the Reverend Elspeth McKay conducted her first Autumn Communion at the Forge, Balloch it was also the first use of the new communion-ware.

Following a generous bequest from a well-regarded local family, two elegant chalices and two bread plates were purchased for use at Balloch. These were dedicated during the service prior to Communion. The whole worship experience was beautiful and moving.

We look forward to sharing such fellowship for many years to come, whilst remembering, with gratitude, those who have gone before us.
